*RE: Program to Air November 30<sup>th</sup>, 2005*

I am legal counsel on behalf of Michael Danton and David Frost. They have requested that I write to you in reference to your program scheduled to air November 30<sup>th</sup>, 2005. Although I have no defined specifics as to the precise content of this program, I understand it will delve into the relationship between Michael Danton and David Frost as a central theme. I would ask that you air this letter; in full as a postscript to your program.

Because both Mr. Danton and Mr. Frost are under strict instructions from legal counsel, both in Canada and in the United States, neither will comment publicly on any topic touched upon during this program; this portion will be maintained so long as Mr. Danton's application for transfer from the United States to Canada remains outstanding.

It is unfortunate that you have refused our request to delay the airing of this program so that you could accurately report the complete story behind the story. I am certain you have not had access to all material facts and documentation, including all of the relevant medical evidence in this case.

However, you have advised me you are adamant that the program proceed as scheduled. I am sure that, in due course, the full story will be made public at the appropriate time. It is regrettable that Fifth Estate has chosen to go to air with a program which will only provide part of what is a very complex set of circumstances.

Yours very truly,

Michael D. Edelson
