Finally, it is my belief that the serious criminal thefts and illegal drug possession went beyond the team of John Shertzer and extended into the CFC Team 2 of Detective Danny Ross as well as to certain members of NWFC up to and into 2000. It is my belief that the number of involved officers is smaller and much better organized than we found with Shertzer's team. It may, in the case of NWFC, be focused around personal cocaine abuse by some members of that team.

- 3. That the induced interview of Milos Markovic – et al. be done to attempt to verify or deny claims of criminal behaviour as against the team of Detective Ross. If proven and the suspects isolated, then a proactive and covert UC operation, in concert with that in item 2, be mounted against the suspect officers to effectively deal with these problem officers on a timely basis.
- 4. The Crown must be encouraged to assume their responsibility in this major investigation and join the Task Force immediately to commence dealing with the variety of issues that are outstanding in keeping with our aggressive timeline.

Subject: Summary

Neal

I need a summary from your search warrant from the introduction of some of the public complaints, etc that are included as you have a nice summary by names and by category including by amount of potential loss. I want this this afternoon please. If you wish, just have the page cut and pasted to me. Indeed that summary / history in the first couple of pages would be a great guide for me for a variety of things for the next couple of weeks.
