I understand our agreement today to be as follows:

1. The six general recommendations are to be removed and the conclusions amended per the latest Proposed Revision of the Draft Report.
2. The two Recommendations for Next Phase are to remain and we understand general recommendations 4 and 6 are the two recommendations for the Next Phase.
3. Joint recommendations from C3000, ALPA C3000, ALPA and TC will be generated via a committee comprising representatives from the four organizations named herein. TC will invite said participants by letter and the letter will include a suggested plan as follows:
 - a. Participants to independently produce recommendations (by Aug 15, 2001).
 - b. Recommendations to be exchanged and examined (by Sep 5, 2001).
 - c. Committee to meet as required to create joint recommendations which will be presented to the Dec 2001 CASO (Nov 30, 2001).
 - d. CASO discussions to lead to NPAs if possible for presentation to the Jun 2002 CASO.

What have I missed?
