Ministry of Education

May 11, 2012

152 high-priority schools

To date, 137 school seismic upgrade projects have been completed, are under construction or are proceeding to construction. In addition, the School Seismic Mitigation Program also has 30 supported projects moving towards formal project agreements – this includes 14 recently announced projects from the list of 152 high-priority schools as noted * below.

APEGBC-UBC re-evaluated more than 500 schools previously identified for potential funding under the School Seismic Mitigation Program. The new assessment has identified 152 schools with at least one “high risk” building section that need to be addressed with structural upgrades under the School Seismic Mitigation Program.

*moving toward formal project agreements

Aberdeen Elementary *	Abbotsford (SD 34)
South Delta Secondary*	Delta (SD 37)
