CODE OF CONDUCT

CBC (and therefore documentary Channel) is a signatory to the Canadian Creative Industries Code of Conduct to Prevent and Respond to Harassment, Discrimination, Bullying and Violence as reproduced below. CBC and Producer will ensure compliance with this Code, both in respect of production of the Program and in the dealings between employees and agents and CBC staff and representatives.

The Canadian Creative Industries Code of Conduct confirms our commitment to safe and respectful workplaces and to an industry free of harassment including sexual harassment, discrimination, bullying and violence.

Harassment can take many forms including unwanted sexual attention, inappropriate jokes or texts, threats, and other unwelcome verbal, written, visual or physical communication or conduct. Everyone has a responsibility to build safe and respectful workplaces. Harassment, discrimination, bullying and violence can affect individuals at every level of the industry. Promoting increased gender equality and diversity is one way to break down barriers and reduce or eliminate these behaviours.

The principles espoused in this Code are applicable to all work and work-related environments. These can include but are not limited to, auditions or casting meetings, job interviews, industry events, festivals, awards, company functions, production studios and sets (whether local or remote), offices and rehearsal and performance venues.

Signatories to this Code will lead by example by upholding the highest standards of respect, encouraging the good-faith reporting of complaints concerning harassment, discrimination, bullying and violence and cooperating in the investigation of such complaints.

In adhering to this Code of Conduct, Signatory organizations agree to take the following steps as applicable to identify and address harassment including sexual harassment, discrimination, bullying and violence:

- Enact policies and procedures that maintain zero tolerance for harassment, discrimination, bullying and violence;
- Designate people in the workplace to receive complaints of harassment, discrimination, bullying and violence;
- Provide a timely process for the investigation and resolution of complaints;
- Implement proportional consequences for violations; and
- Protect from retaliation or reprisal those individuals who in good faith allege violations of anti-harassment, discrimination and violence policies and procedures.

In implementing the above, Signatories will take the following steps, as applicable:

- Ensure everyone in the workplace is aware of anti-harassment, discrimination and violence policies and procedures;
- Encourage people to set and respect personal boundaries and engage in consent-based interactions;
- When work requires physical contact or scenes of nudity, intimacy or violence, adhere to applicable respectful workplace policies and collective agreement obligations;
- Provide safe places where work may be performed for example, by not requiring individuals to attend meetings alone or in spaces such as private hotel rooms, etc.; and
- Encourage instructors, teachers, coaches and those providing training in the industry to adhere to this Code and share its principles with their students.

Signatories to this Code of Conduct agree to take all applicable steps to quickly address substantiated complaints of workplace harassment including sexual harassment, discrimination and violence. Such steps may include the following:

- Requiring remedial action such as counselling and/or training;
- Disciplinary action (as per collective agreements and individual organization, union, guild and workplace policies) including restrictions, suspension or termination of employment and/or membership; or
- Legal action as per applicable laws including human rights legislation.
INCLUSION & DIVERSITY PROTOCOL

At documentary Channel, inclusion and diversity is a priority. As the national public broadcaster, it’s our commitment to Canadians to reflect our country’s rich diversity. To do this, we need your support to ensure all opportunities to reflect and represent Canada’s diversity are explored and pursued, both within the content, and among those who are pivotal in its creation.

In addition to increasing representation on the screen, we need your help to address underrepresentation in the industry off-screen. You will be expected to engage and/or train writers, directors, editors, DOPs, and other production personnel from underrepresented groups. In particular, CBC wants to focus on Indigenous persons, visible minorities, persons with a disability, and women. We have launched an initiative to achieve gender parity in key roles, which includes 50% quotas for women directors on specific CBC series.

We ask you speak with your documentary Channel Representative to discuss a diversity plan suitable for your program. Your representative will work with you to identify opportunities for talent from underrepresented groups. These requirements will be particularly important for returning large-scale television series, which should anticipate being obligated to meet specific diversity targets and to create meaningful training opportunities.

For all programs, you’re required to submit an inclusion and diversity plan prior to start of production, and to report back to us on the implementation. Your report should be submitted to your representative when you wrap.

Diversity On-Screen: To ensure diversity on screen, we want to focus on these key areas:

Content/ Concept: Does your program tell authentic stories about or through the eyes of diverse Canadians? Is the story about, or reflective of, a diverse Canadian community? (i.e. themes, storylines, subject matter, segments). Consider authenticity in the portrayal of diverse persons and communities (who is in the writing room?).

Hosts / Stars / Leads / Narrators: Are the program’s stars, hosts, leads or narrators from visible minority or Indigenous communities? Or are they people with disabilities?

Other On-Air: Are the program’s guests (experts or contributors) or re-enactors from visible minority or indigenous communities? Are any of them people with disabilities?

Supporting Roles: Are the show’s supporting roles from visible minority and Indigenous communities? Are any of them people with disabilities? (i.e. secondary characters, secondary host/narrator).

See CBC’s Inclusion and Diversity Casting Protocol, and work with your representative to identify talent from underrepresented groups.

Diversity behind the Camera: To ensure diversity behind the camera, we want to focus on these areas below:

Executive / Key Creative: You should strive for a wide range of voices behind the camera. Do your key decision-makers reflect Canada’s diversity? Can you widen your pool of writers, directors, and producers? Be advised that you may be required to meet specific targets in this area, or create a paid training opportunity for an emerging, diverse writer, director, or producer. This will be particularly important for returning, large-scale CBC television series.

Production Team: You are expected to create opportunities for diverse talent at all levels within your production team, from entry-level roles to senior creative and executive ranks. Let us know what measures will be taken to increase off-screen diversity. We also encourage you to adopt a corporate policy to achieve such aims in your day to day business, including diversity targets and/or prioritizing training opportunities.

Attached at the back of this Handbook are two forms which will be used by documentary Channel to help us track our commitment to inclusion and diversity and the foundation of the plan you are working toward. We ask that you complete the Diversity and Inclusion Plan prior to commencing principal photography; and complete the ECHOS Report once you’ve wrapped production to let us know how closely you were able to stick with your original plan.

ADVISORIES, LANGUAGE AND DISCLAIMERS

It is the responsibility of the Producer to be aware of the CBC Television Manual for Program Standards and Practices for rules regarding nudity, violence, coarse language and adult subject matter. The Manual can be found at this link. The Producer must consult with their documentary Channel Representative prior to picture lock to determine if an advisory is required.

NOTE: Advisories will be added by documentary Channel after delivery, and is not part of your content time.

For your review a list of available documentary Channel Viewer Advisories can be found here.

NOTE ON OUR LANGUAGE POLICY

documentary Channel is not permitted to air offensive language (e.g. F-bombs and the C-word, or any derivative of either) before 9pm ET. Our general policy is we will broadcast the film as-is (all the cursing intact) for the premiere only, then create a version with the offensive word(s) dipped out for subsequent broadcasts, HOWEVER our preference is for production create and deliver a 2nd “clean” version as your post house can dip language and still leave other ambient sounds/music in place (this must also be adjusted/reflects in a 2nd version of your Closed Caption file. We can create the 2nd version, however we cannot keep ambient sound there will be a total audio dip, please be aware of this when making editing choices. It is recommended you remove the offending words where possible and where they do not add anything to the film. This will minimize the amount of dipping we have to do and be less of a distraction or annoyance to audiences. Where the language does not fall into this category, it can be broadcast at any time with the relevant viewer advisory. For example the broadcast of such words as bitch, son-of-a-bitch, damn, hell, shit, bullshit, ass and Jesus Christ (as an expletive) might be considered in poor taste by some viewers but can be aired at any time of day provided the film run with an advisory.

ADVISING documentary Channel OF VIEWER ADVISORIES

Please note the View Advisory sheet requested as part of your deliverables package (see page 8). If an advisory is required please submit the relevant info to us along with your film.

LEGAL NOTICES AND DISCLAIMERS (where required)

It is the responsibility of the Producer, in consultation with your documentary Channel Representative, to determine whether a legal notice or other disclaimer will be required by its insurer or other financial participants. If required, the Producer will also be responsible for creating the disclaimer and ensuring allowance is made for such disclaimer within Program content time. Please note, legal notices and disclaimers must consist of both Video (text) and audio (VoiceOver) elements. (View Advisories as noted earlier on this page are NOT considered legal disclaimers)
**documentary Channel**

*STYLE GUIDE (Animations, Credits and Logo’s)*

**ANIMATIONS**
The **5 second** documentary Channel Original animation pre-roll must appear before the beginning of your film. This is true for **all versions** of the film broadcast or screened anywhere (Festivals or International). This is industry standard practice and is important for the channel's branding. The pre-roll animation is not considered a credit but is considered part of the Total Program length.

The **3 second** documentary Channel Original animation should appear either before or after **all** trailers of the film (wherever they're available ie. Festivals, Online, Social Media etc) If you include your own animation or that of a distributor or International co-producer, the documentary Channel animation should be at least of equal duration (i.e. if other animations are longer than 3 seconds you should use the 5 second documentary Channel animation provided above.)

**DOWNLOAD HERE:**
Both **5 second Pre-Roll** and **3 second Trailer** documentary Channel Original animations can be downloaded [HERE](#)

**GENERAL NOTES ON CREDITS**
**documentary** Channel is to receive a corporate credit directly before or after the Producer's corporate credit wherever the Producer's corporate credit is displayed in conjunction with the film. This includes but is not limited to the film's credits, trailers, promotions, website, posters etc. documentary Channel's corporate credit should be no smaller and of the same nature as the Producer's corporate credit (i.e. if the producer has a logo so does documentary Channel).

Please note when writing documentary Channel, the word ‘documentary’ is always in italics and written with a lower case ‘d’, the word ‘Channel’ is not in italics and has a capital letter ‘C’. Exceptions to this can be made if the font used does not support this formatting but must be approved by documentary Channel.

All credits and pre-rolls, both corporate and otherwise, must be approved by documentary Channel prior to being included in the film, as does any use of documentary Channel's logo in any other materials.

**OPENING CREDITS**
There should be no opening credits, corporate or otherwise at the top of the film. Exceptions can be made for a Director's credit (e.g. Directed By... or A film by....) with prior approval by your Representative. (A reminder the documentary Channel opening animation is not considered a credit and must precede the film.)

**CLOSING CREDITS**
In most cases, end credits should begin with the director and end with the production company's corporate credit and copyright notice. The documentary Channel shall receive a corporate logo and “Produced in association with” tail credit including individual credits noted below. Our logo must appear directly before or directly after the production company's corporate credit and logo. If you do not have a logo or choose not to include your logo, the documentary Channel logo still must be displayed in the end credits.

End credits must be approved by your documentary Channel Representative and should not be more than 60 sec for a feature documentary, and not more than 30 sec for a series or 1hr documentary. Generally they’re too long if they feel too long. If you're running credits over content, and only with approval, they can be extended - credits over black or similar need to be quick in order to hold viewers.

Wording for the documentary Channel tail credit should read per image below. Before locking the master please check you have the latest version of this document download [HERE](#). Please see next page for details on our logo.

LOGO's

COLOUR VS. BLACK & WHITE LOGO
documentary Channel logos are available in colour or black and white. The **colour logo should always be used** unless not possible, or pre-arranged.

For end credits coloured stacked version is *always* used.

When using the colour logo, depending on the colour of your credit bed the black and white of the “d” within the middle of the logo and the words underneath can be reversed (see reference on page 12 - displayed in either black or white) depending on what makes it most prominent with your background or credit bed. On occasion and with approval of your documentary Channel Representative the “d” within the logo can be transparent if you have picture behind the credits and it is visually appealing.

Logos are available in .jpeg and .eps formats. You can download our latest STACKED LOGOS here: https://drive.google.com/drive/folders/1Cp8QlAv-qZmeuqnHeliVLQsF1HQ0U5K?usp=sharing

STACKED VS. HORIZONTAL LOGO
documentary Channel logos are available in both a stacked and horizontal versions (each version is available in colour and black and white). However please see below for proper use of each.

For end credits coloured stacked version MUST always be used.

For other uses the choice of stacked vs horizontal is an aesthetic decision. However, when choosing, you must ensure the documentary Channel logo is no smaller or less prominent than the producer's logo or other logos it's displayed with. Generally our horizontal version is only used in posters.

Logos are available in .jpeg and .eps formats. You can download our latest HORIZONTAL LOGO’S here: https://drive.google.com/drive/folders/1DMqr7nX2hM2h_RZQ1_61jHs6QZn9eZ6?usp=sharing

SUBTITLES
Subtitles should be 2 lines per page max. Producers should be aware of the subtitle length to avoid cutting into the documentary Channel logo lower right during telecast (See below “incorrect” visual sample below)
Digital media is key to reaching new audiences. Audiences are looking for good quality content that is relate-able, topical and valuable. At the following link you will find a step-by-step guide of best practices for creating a social media and promotion plan for your documentary.

**Dr. Thienpont:**
We have in Belgium, 6 suicides a day, about 80, 90% because of psychological suffering. People more and more don't want to die by suicide. So they’re asking for euthanasia much earlier in their process. And I think that’s a good thing. [Lieve Thienpont, author Libera Me, Ghent, Belgium, interview: 20 April, 2016]

**Dr. Thienpont:**
Amy has a long history of illness, depression, uh, personality disorder, borderline. And I think there’s also an Asperger problem too, that makes it much more difficult to treat. [Lieve Thienpont, Amy’s psychiatrist, Ghent, Belgium, interview: 20 April, 2016]

**Dr. Thienpont:**
In case of euthanasia, you have the performing doctor, and he needs two advices of two colleagues. [Lieve Thienpont, Amy’s psychiatrist, Ghent, Belgium, interview: 20 April, 2016]

**Dr. Thienpont:**
It’s two tracks – the therapy, and a track of the procedure to die.

**Dr. Thienpont:**
For some patients, like Amy, it’s very important to do some steps in the procedure, for example, to see a second psychiatrist.

**Amy:** Those kinds of questions irritate me, because I didn’t know, what he was insinuating. And the next appointment is July 19th.
Boechler: There’s always been other drugs that have resulted in overdoses—
—but the spike that we’re seeing attributed to fentanyl is drastic, it’s going up and up all the time.

For BC numbers, see BC Coroners Service, Fentanyl Detected Illicit Drug Overdose Deaths, Jan 1, 12 to Aug 31/16
“From January through August 2016, an average of 37.8 fentanyl-detected illicit drug overdoses deaths occurred each month.” That would be 453.6 in 2016 in BC alone.

and

For Alta numbers, “In 2016, deaths related to fentanyl
65 in the first quarter
81 in the second quarter
47 in the third quarter
So Alberta’s numbers are 193 to end Sept which means approx. 243 to end Dec 16
See http://www.health.alberta.ca/health-info/AMH-Naloxone-Take-home.html

and

Ontario’s numbers for 2015 (Most recent) – 162 for 2015 with the total then for the 3 provinces alone being almost 900, see CBC News Toronto “Record number of Ontario Fentanyl Deaths in 2015”, Sept 24, 2016.

Attached below are two forms which will be used by documentary Channel to help us track our commitment to inclusion and diversity and the foundation of the plan you are working toward. We ask that you complete the Diversity and Inclusion Plan prior to commencing principal photography; and complete the ECHOS Report once you’ve wrapped production to let us know how closely you were able to stick with your original plan. Please provide these forms electronically to your documentary Channel Representative.
